Thank you Laurence and Dave for a great session last night. I don't know about you all, but I find that upper room in the club good for singing, especially with the door open and the blackbird singing along with us!

There is probably the highest number of choir members ever singing at the wedding on Saturday! So it's really important you get there early. **Please arrive as soon as possible after 2 00 we can all be seated by 2.15. Remember the car park will be full so allow time to park where you can and walk to the church** Wear your red black and white.

There were some modifications to the songs yesterday and as a lot of you weren't there, please check: Mari's wedding – make it light and skipping. Watch Laurence for repeats if the song isn't long enough for the procession.

Dream – some alterations in who sings what

Bring me sunshine – again watch out for repeats

Laurence is going to the rehearsal at the church so will know more about the timing by Saturday. See you all there! Then back to the Village Hall on Monday to rehearse for the Picnic on 27th.
